

CHILDRENS RIGHTS AND ENTITLEMENTS POLICY

At AACC we support the children's right to be strong, resilient and listened to by

- creating an environment in our setting that encourages children to develop a positive self-image, which includes their heritage arising from their colour and ethnicity, their languages spoken at home, their religious beliefs, cultural traditions and home background.
- encouraging children to develop a sense of autonomy and independence.
- enabling children to have the self-confidence and the vocabulary to resist inappropriate approaches.

We recognise and actively promote that every child does matter and all children have rights and with these rights comes responsibility.

We help children to establish and sustain satisfying relationships within their families, with peers, and with other adults.

We work with parents to build their understanding of, and commitment to, the principles of safeguarding all our children.

We recognise that every day matters for every child.

We refer to the UN convention on the Rights of the Child and display these rights within the setting.
